## Casa Areny Plandolit

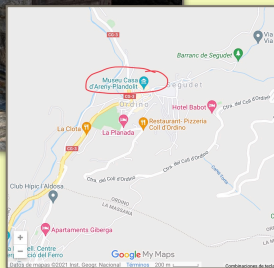

This is the only example of a manor house in Andorra that has survived intact today. The Casa d'Areny-Plandolit is located in the heart of the village of Ordino.

The family owes its social position to Mr. Guillem d'Areny-Plandolit, baron of Senaller i Gramenet, general trustee of the valleys of Andorra and promoter of the new reform of 1866, which made him an illustrious figure in the history of the country and in the activities in iron forges, which was considered one of the most important industries of the time.

## Entertainment

### Arcalís

Arcalís is a place where skiing and bike riding can be practiced.

In winter, Arcalis is opened so you can practice ski. Your first time skiing? Not a problem, there are different levels: **green**, **blue**, **red** and black.

Green is the easiest level while black is the most difficult one.

In summer, Arcalís is closed because the snow season is over but you can ride your bike, the place is the main road in Arcalís.

This activity is not recommended for everybody because the cars go close to you and you need a good level because the road is steep.

All the material you need to practice this sport (helmet, gloves, pads... even the bike) can be rented at nearby shops.
